Submission Preparation Checklist

As part of the submission process, authors are required to check off their submission's compliance with all of the following items, and submissions may be returned to authors that do not adhere to these guidelines.

- The submission has not been previously published, nor is it before another journal for consideration (or an explanation has been provided in Comments to the Editor).
- LLM-generated submissions will NOT be considered as original contributions. If an LLM is used for editing, writing, data analysis, etc., please disclose it in the acknowledgements section.
- The submission file is in PDF format using the following LaTeX template https://www.overleaf.com/read/wnzmspydjxrv#6f5f00
- Where available, DOIs or URLs for the references have been provided.
- The text uses the LaTeX template linked above, and all illustrations, figures, and tables are placed within the text at the appropriate points, rather than at the end with captions.
- The text adheres to the stylistic and bibliographic requirements based on the bib file in the LaTeX template.

Author Guidelines

Authors are expected to submit manuscripts in .pdf format using the LaTeX template, making sure to adhere to the journal's formatting (e.g., appropriate font and spacing, proper labelling of figures, etc.) and structural requirements. Specifically, submissions should include:

Title Page: Should only include the manuscript title to ensure anonymity.

Abstract: A concise summary of 150–250 words.

Main Body: Organized into sections such as Introduction, Methods, Results, Discussion, and Conclusion.

References: A comprehensive list formatted according to LaTeX template.

Please note we will only be able to accept a maximum of 2 papers, where the lead author is the same across submissions (if applicable).
